

P.O. Box 131068 San Diego, CA 92170

Ship Repair Association Affiliate,

December 2016

We have successfully completed the first year of our Shipyard Safety Academy! This year we assisted 10 local companies in training 350 employees in high priority safety topics. The Academy is currently reviewing companies to participate in the 2017 program. As a member of the Shipyard Safety Academy, your company can reap many benefits. Selected training staff at your company will receive Training Courses, Facilitator Guides, free Train-The-Trainer workshops and certifications. This program will be designed to help build the safety training capacity within your business. Because it is grant-funded program, there is **no charge** to Safety Academy members for any of the services offered.

Benefits of becoming a Shipyard Safety Academy Member include:

- Training Courses and Facilitator Guides provided
- Ongoing support of PSDSRA –
 - Train-The-Trainer course (T3) where your trainer will learn and practice delivery skills and effective teaching methods
 - Trainer Certification, monitoring and feedback
- Increase your company's training effectiveness
- Position your company 's role regarding importance of safety
- Recognition with developing Certified Trainer on site
- Your certified trainer will be identified on the waterfront as a catalyst in building safety training capacity

There is limited space available for companies to join the Academy in 2017. To inquire about enrollment in the Safety Academy program, please contact Jaymes Green at **SanDiegoShipRepair@Gmail.com** or 619-549-5439. This program is another way the Ship Repair Association hopes to strengthen the emphasis of safety in the shipyard. We look forward to working with you in 2017!

Sincerely,

A handwritten signature in cursive script that reads "Derry Pence". The signature is written in dark ink and is positioned above the typed name.
